RE: Pandemic Preparedness

As a follow-up to the most recent Monday Minute (March 9th 2020), and with the rapidly changing environment in Canada and indeed Saskatchewan, we wish to be sure that member businesses and organizations have easy access to the most up-to-date information on pandemic preparedness.

Please visit the links below to access current and up-to-date information.

1. Canadian Chamber of Commerce – Pandemic Preparedness for Business

<http://chamber.ca/resources/pandemic-preparedness/>

2. Government of Saskatchewan -several links to the Gov. of Canada information as well

We know that health experts are advising against travel and large gatherings, so we encourage you to consider these precautions. And, while we understand only 1 case in Saskatchewan is known, it is important to consider and prepare yourself and your business for issues around staff absences, disruption of supply chains and essential services. Let's be prepared!
